

Brennan Park after cleanup

Suwannee County Parks

Our two parks in Suwannee County, *Brennan Park & Boat Ramp Park* are getting a face lift! We have started with Brennan Park where we have been cutting underbrush, raking and burning limbs and leaves. We are in the process of adding a security light and service pole at the pavilion. Next, we will replace the wooden fence with chain link. We are so excited about the improvements! We plan on having parties, picnics and weekend bon fires. I hope you will visit this beautiful park and bring your fishing pole! Our other park, Boat Ramp Park, will undergo improvements next. We plan to pressure wash and paint the bathrooms & pavilion and replace bathroom window screens. This is also a great park to fish and swim. There is plenty of room for your whole family!!! I'm sure you will be proud of our two Suwannee parks and want to visit them soon.

As a member, you have a right and responsibility to help us keep our parks clean and free from intruders. Please lock the gates behind your party and if someone doesn't look like they should be there, ask them if they are a member. If you see anyone doing anything unlawful or damaging TREPO property, please report this to Suwannee County Sheriff Office 386-362-2222. We want our parks to be safe for you and your families. The Sheriff's Department and Florida Fresh Water & Game Commission both have keys to our parks and will on occasion enter our parks and check for identification & member keys. This is to help us

ensure members only are using the facilities and keeping us safe.

I hope you have a fantastic summer in our parks and enjoying our Rivers.

Vicki Imm, TREPO President

FYI: Did you know that ALL TREPO members can use any of the parks in Columbia or Suwannee Counties. The keys fit all park locks. (A canoe ride from Columbia County TREPO Boat Ramp to Suwannee County TREPO Boat Ramp makes for a delightful afternoon paddle with picnic facilities at both boat ramps and the view is spectacular)
